We are distributing this manual in Word format to make it easier for you to customize the content to follow your local rules and CJA rules. Consider the following questions when customizing your information:

- Do you wish to include CJA administrator contact information for attorneys or include a website link?
- Are you using the CM/ECF link in eVoucher?
- Are attorneys allowed to edit their own profiles and billing information, or enter holding periods?
- Do attorneys still file any CJA-related documents in CM/ECF?
- What is your policy about interim payments?
- How does your site handle the CJA-24 Auth and the CJA-24 voucher? Are court reporters involved as experts? Does the attorney create the CJA-24?
- Do the panel attorneys use the Continuing Legal Education (CLE) tracking feature in eVoucher?
- Do the attorneys complete the travel authorization provided in eVoucher?
- Do you use the email proposed appointments available in eVoucher? How are attorneys notified of appointments?
- Can you provide more specific information about the kinds of documents you wish the attorney to attach for each document type?

Introduction

The CJA eVoucher system is a web-based solution for submission, monitoring, and management of all Criminal Justice Act (CJA) functions. The eVoucher program allows for:

- Online authorization requests by attorneys for service providers.
- Online voucher completion by the service provider or by the attorney acting for the service provider.
- Online voucher review and submission by the attorney.
- Online submission to the court.

Unless the court has indicated otherwise, attorneys are generally required to create and submit vouchers for their service providers and associates. The program includes the following modules:

Panel Management

- Allows attorneys to manage their own account information including address, phone, firm associations, and applicable CLE credits
- Allows for submission of holding periods or a specific amount of time taken off for medical leave, vacation, etc.

Voucher and Authorization Request Submission

- Authorization requests by attorneys for expert services
- Requests by attorneys for interim payment
- Supporting document uploads to vouchers or authorization requests
- Reports for attorneys to take an active part in monitoring costs
- Automatic email notification to attorney of approval or rejection of vouchers and authorization requests

Browser Compatibility

- Windows: Chrome 62, Edge 16, Firefox 57
- Apple Macintosh: Safari 10.1

Court Appointment

When you make an appointment, the program automatically generates an email message to the appointed attorney. The email confirms the appointment and provides a link to the CJA eVoucher program.

Some courts may send a proposed email to the attorney, awaiting acceptance of a specific case.

Accessing the CJA eVoucher Program

Starting with version 6.10, you are required to use Login.gov to securely sign in to the eVoucher application. You must create a Login.gov account or use an existing Login.gov account and have a Single Login Profile (SLP) to access eVoucher.

Note: Login.gov is a separate application from eVoucher. If you run into any issues, you must contact Login.gov support via their Help center page at <https://www.login.gov/contact>.

Follow the instructions in the next section to create your Login.gov account. Click the following links for additional information about Login.gov and helpful tips for creating your account.

Note: Login.gov recommends that you enter a personal email address that you can always access, not a work email address.

Your Login.gov account is now created, and you are directed to add an authentication method. Continue to the next section and follow the instructions to complete this requirement.

Note: Once your Login.gov setup is complete, you will **ONLY** use the email address you entered and the password you created in Login.gov to access eVoucher, so it is important to remember them.

Adding an Authentication Method

Login.gov requires that you set up at least one authentication method when creating your account. However, it is recommended that you select **at least two authentication methods** on different devices so that you have an alternative way(s) to sign in to eVoucher if your primary method becomes unavailable.

Step 1

Select your first method of authentication, and then click **Continue**. Authentication methods include security keys, government employee IDs, authentication applications, text or voice messages, or backup codes.

Authentication method setup

Add another layer of security by selecting a multi-factor authentication method. We recommend you select at least two different options in case you lose one of your methods.

- ☐ **Authentication application**
Download or use an authentication app of your choice to generate secure codes.
- ☒ **Text or voice message**
Receive a secure code by (SMS) text or phone call.
- ☐ **Backup codes**
A list of 10 codes you can print or save to your device. When you use the last code, we will generate a new list. Keep in mind backup codes are easy to lose.
- ☐ **Security key**
A physical device, often shaped like a USB drive, that you plug in to your device.
- ☐ **Government employee ID**
PIV/CAC cards for government and military employees. Desktop only.

Continue

Note: Every time you sign in to eVoucher you are required to authenticate, so make sure you use an authentication method that's easy for you to access. For these instructions, the **Text or voice message** option is selected.

Step 2

To authenticate by text or voice message, in the **Phone number** field, enter your phone number to receive a one-time code by text message or phone call, and then click **Send code**.

Add a phone number

We'll send you a one-time code each time you sign in.

Message and data rates may apply. Do not use web-based (VOIP) phone services or premium rate (toll) phone numbers.

Step 4

Once your code has been successfully authenticated, you are prompted to add another authentication method (recommended). Click **Add another method** and follow the previous steps to create a second authentication method.

Note: It is recommended that you use a different device for your second authentication method, even if you choose the same setup option. For example, if you chose text or voice message as your first method, you can do the same for the second, as long as you use a different phone number.

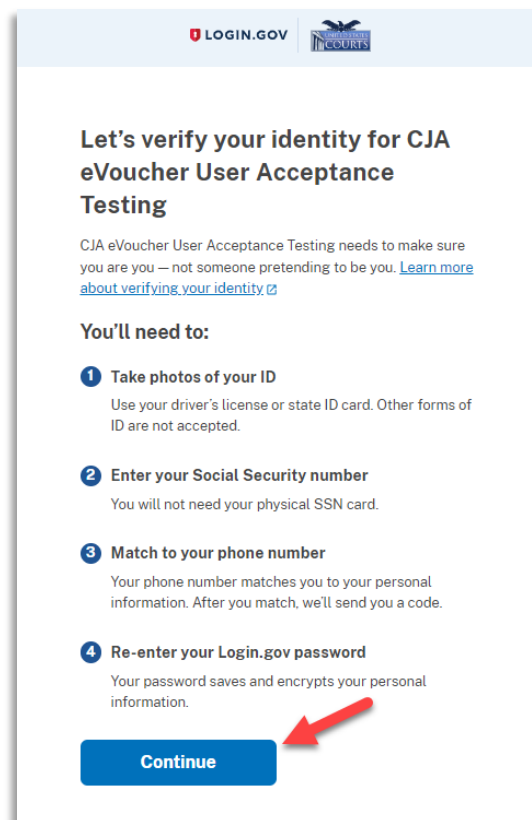

Identity Verification

To access eVoucher, you must verify your identity by uploading an acceptable form of identification (driver's license or state ID). This added security measure is to ensure that you are you and not someone pretending to be you.

Note: This is a one-time identity verification; if you have previously proven your identity through Login.gov, you are not required to do this again.

Step 1

If you've previously created a Login.gov account, you will be asked to verify your identity after signing in to Login.gov from the eVoucher sign-in page. If you're in the process of creating your Login.gov account, this step automatically appears after you've established your multi-factor authentication method(s). Click **Continue**.

The screenshot shows a web page for identity verification. At the top, there are logos for LOGIN.GOV and the courts. The main heading is "Let's verify your identity for CJA eVoucher User Acceptance Testing". Below this, a paragraph states: "CJA eVoucher User Acceptance Testing needs to make sure you are you — not someone pretending to be you. [Learn more about verifying your identity](#)". Under the heading "You'll need to:", there is a list of four steps: 1. Take photos of your ID (with subtext: "Use your driver's license or state ID card. Other forms of ID are not accepted."), 2. Enter your Social Security number (with subtext: "You will not need your physical SSN card."), 3. Match to your phone number (with subtext: "Your phone number matches you to your personal information. After you match, we'll send you a code."), and 4. Re-enter your Login.gov password (with subtext: "Your password saves and encrypts your personal information."). At the bottom of the list is a blue "Continue" button, which is pointed to by a red arrow.

Step 2

To continue, select the check box allowing Login.gov to ask for, use, keep, and share your personal information to verify your identity, and then click **Continue**.

The screenshot shows the 'How verifying your identity works' screen. At the top is a progress bar with five steps: 'Getting started' (active), 'Verify your ID', 'Verify your information', 'Verify phone or address', and 'Secure your account'. The main heading is 'How verifying your identity works'. Below it, it says 'Identity verification happens in two parts:'. The first part is 'Verify your identity', with the text 'We'll ask for your personal information to verify your identity against public records.' The second part is 'Secure your account', with the text 'We'll encrypt your account with your password. Encryption means your data is protected and only you will be able to access or change your information.' Below this, there is a checkbox that is checked, with the text 'By checking this box, you are letting Login.gov ask for, use, keep, and share your personal information. We will use it to verify your identity.' This checkbox area is highlighted with a red rectangle. Below the checkbox is a link: 'Learn more about our privacy and security measures'. At the bottom is a blue 'Continue' button, which is pointed to by a red arrow.

Step 3

Choose an option for adding your identification information. One option is to upload photos of your ID from your phone, and the other option is to upload them directly from your computer.

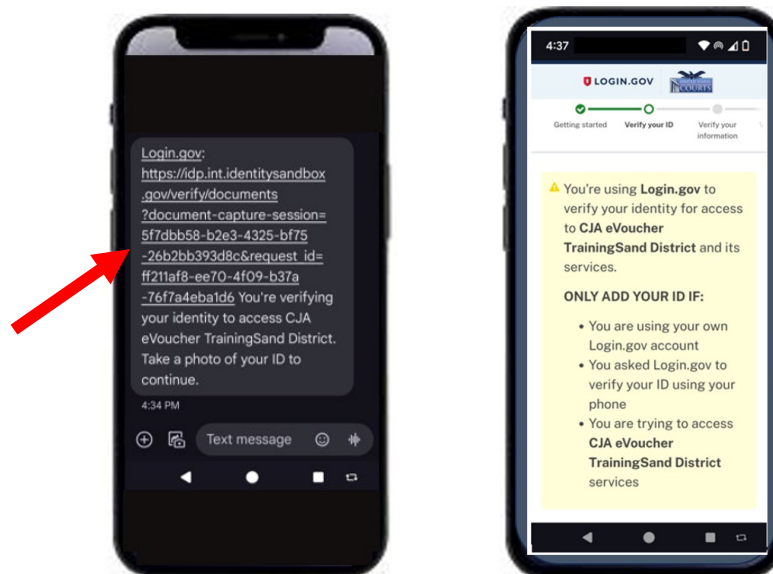

The screenshot shows the 'How would you like to add your ID?' screen. At the top is a progress bar with five steps: 'Getting started' (active), 'Verify your ID', 'Verify your information', 'Verify phone or address', and 'Secure your account'. The main heading is 'How would you like to add your ID?'. Below it, it says 'We'll collect information about you by reading your state-issued ID.' There are two options. The first option is 'Recommended' and 'Use your phone to take photos'. It says 'You won't have to sign in again, and you'll switch back to this computer after you take photos. Your mobile phone must have a camera and a web browser.' Below this is a 'Phone number' field with a dropdown menu showing 'US' and a 'Send link' button. The second option is 'Continue on this computer'. It says 'Don't have a phone? Upload photos of your ID from this computer.' Below this is an 'Upload photos' button. At the bottom left is a 'Cancel' link.

Option 1: Upload photos from phone (recommended)

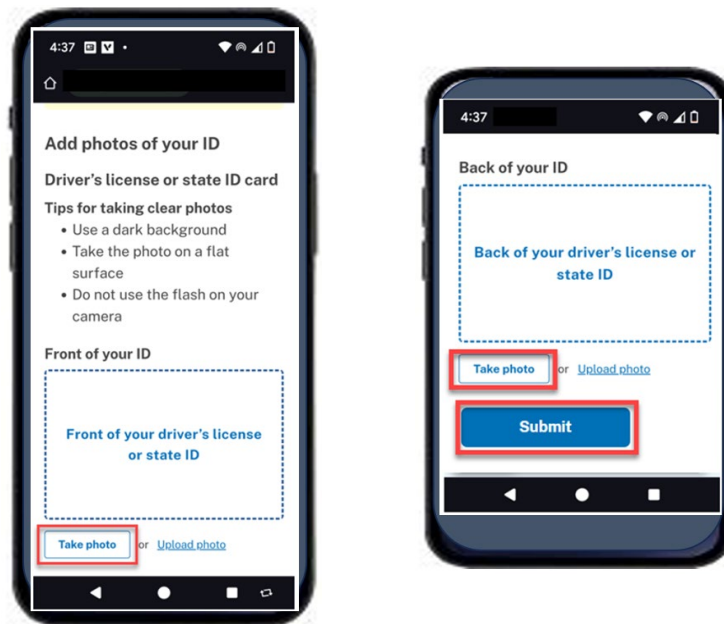

Option 1

1. Click **Send link**. A message appears, prompting you to check your device for a text message with instructions for taking a photo of your ID to verify your identity.

2. Tap the link in the text message. A message appears, confirming that you are attempting to verify your identity to access eVoucher. Scroll down for additional instructions.

3. Tap **Take photo** to switch your phone to the camera function. Take a photo of the front of your ID card. Scroll down and tap **Take photo** again to take a photo of the back of the card. Verify that each image appears in the appropriate box, and then tap **Submit**.

4. Login.gov verifies your identity from your photos, and prompts you to switch back to your computer to complete the process.

Continue to step 4 to complete the identity verification process.

Option 2: Upload photos from your computer

Option 2

1. Click **Upload photos** to upload photos of your ID from your computer.

2. You can either drag photos of the front and back of your ID from your computer and drop them in the appropriate boxes, or click the **choose from folder** link to browse for and select the photos to add. Once the photos are uploaded, click **Submit**.

Step 4

Once your identity has been verified, Login.gov verifies your name, date of birth, and address using your Social Security number (SSN). In the **Social Security number** field, enter your SSN, and then click **Continue**.

The screenshot shows the Login.gov verification interface. At the top, there's a progress bar with five steps: 'Getting started' (checked), 'Verify your ID' (checked), 'Verify your information' (active), 'Verify phone or address' (not started), and 'Secure your account' (not started). Below the progress bar, a green message box says 'We verified your ID'. The main heading is 'Enter your Social Security number'. Below this, it states: 'We need your Social Security number to verify your name, date of birth and address. [Learn more about how we protect your sensitive information](#)'. A section titled 'Don't have a Social Security number?' provides instructions and a link to 'Exit Login.gov and return to CJA eVoucher User Acceptance Testing'. The 'Social Security number' input field is highlighted with a red rectangle, showing an example '123-45-6789' and a masked input field with dots. Importing Service Entries

Attorneys using commercially available timekeeping and billing systems can directly import multiple service entries into a CJA-20/30 voucher from a file saved in comma-separated value (.csv) format.

As a best practice, the Import Service Entries feature should be started on a new or empty CJA-20 voucher. If you have service lines already entered on a voucher, they will be overwritten with the data imported from the .csv file.

Note: If you have an associate on your voucher and want to use the import service entry function, the lead attorney **MUST** import their entries first or they will overwrite the associate attorney's entries. Please review the **Importing Time** job aid on the eVoucher training website for more detailed instructions for importing service entries with associates.

Step 1

After you select the appropriate appointment and click the **Create** link for the CJA-20 voucher, the document opens. In the **Actions** menu on the left side of the page, click the **Import Service Entries (.csv)** link.

eVoucher now provides the ability to import service time entries exported from a law firm billing system and saved in Comma Separated Values (CSV) format. The CSV file must contain all required column headings and data types. Please download our [sample spreadsheet](#) for the correct column headings and service type values.

IMPORTANT: It is recommended to start with a blank voucher. Otherwise, all existing service entries on the voucher will be overwritten with the contents of the imported CSV file.

[- Additional Information](#)

Each service line entry must have data in the following columns:

- Date
- Hours
- Description
- Service Type (EXAMPLES: "16b" or "16b. Obtaining and Reviewing Records")

The following columns do not require data, but should be included in the header row:

- Doc#
- Pages

There are 'Add' and 'Remove' buttons. Below these fields is a table with columns 'Service Type', 'Date', 'Description', 'Hrs', 'Rate', and 'Amt'. The table is currently empty, with '(Empty)' in the center. At the bottom, there is a 'Go to page:' field and a 'View items per page:' dropdown menu with options 10, 25, 50, and 100.

Reports and Case Management

At the start of a case, it may be difficult for counsel or the court to know whether a case has the potential to exceed the statutory maximum allowed for representation.

Therefore, attorneys are encouraged to monitor the status of funds, attorney hours, and expert services by reviewing the reports provided in the CJA eVoucher program. Items to remember:

- Viewable reports appear in the left review panel.
- Each panel, depending on the document you are viewing, can have different reports available.
- Each report can have a short description of the information received when viewing that report.
- The two main reports are the Defendant Detail Budget Report and the Defendant Summary Budget Report.

To find other accessible reports, from the menu bar at the top of the screen, click **Reports**.

Defendant Detailed Budget Report

This report reflects the total amount authorized for this representation, any excess payment allowed, the vouchers submitted against those authorizations, and the remaining balances.

It provides the information in two sections: attorney appointment and authorized expert service.

Appendix A: Correcting Errors in Your .csv File

If your import fails, you must correct errors in the original .csv file before attempting another import.

Step 1

A message appears at the top of the page, indicating the number of errors found. Click the **View Report** link to view errors.

Step 2

The Errors Only report opens by default, with the errors in the file highlighted. Review the error report and correct the original .csv file.

Note: Click the **Full Report** radio button to view an error report that includes all imported service lines.

Step 3

Return to the Services page, click the **try again** link, and then follow steps 4–5 in the Importing Service Entries on Previously Created CJA-20s section to attempt the import again.

Attorneys should still review the voucher to ensure that entries are correct prior to submission to the court. For the remaining tabs of the CJA-20 or CJA-30 voucher, please see instructions for those documents.

Appendix B: Creating the Excel File for Import

Once you begin the process of importing your service entries to a CJA-20 or CJA-30 voucher, sample spreadsheets are available to download on the Services page. These sample spreadsheets are in Excel format that must be saved in .csv format.

eVoucher now provides the ability to import service time entries exported from a law firm billing system and saved in Comma Separated Values (CSV) format. The CSV file must contain all required column headings and data types. Please download our [sample spreadsheet](#) for the correct column headings and service type values.

IMPORTANT: It is recommended to start with a blank voucher. Otherwise, all existing service entries on the voucher will be overwritten with the contents of the imported CSV file.

For the .csv file to be successfully uploaded into and accepted by eVoucher, it must contain a header row with specific column headers, as seen below. The header row contains four mandatory column headers (Date, Hours, Description, Service Type) and two optional column headers (Doc. #, Pages). The Doc. # and Pages fields may be included in the header row; however, they are not required unless data is provided.

If the header row contains service entry information instead of headers, the data in that row will be ignored and won't be imported into your voucher. Sample spreadsheets containing the correct column headers and service type values for each voucher type are available in the online help.

Appendix C: Converting the Excel File to .csv Format

Most commercially available spreadsheet applications allow you to save in .csv format. For a file saved in Excel format, follow these steps to create your .csv import file.

Step 1

In your Excel file, click the **File** tab.

Step 2

From the navigation menu on the left, click **Save As**.

On the Save As page, click the drop-down arrow and select **CSV (Comma delimited) (*.csv)**.

Your Excel file has now been converted to a .csv file and can be imported into the Services page of your CJA-20 or CJA-30 voucher.
